## Message from the School Nurse

Each school year the state requires that students in grades K, 1, 3, 5, 7, 9, and 11 are screened for vision and hearing. New students to Gilead Christian School are also screened. If you have any questions or would NOT like your child to participate, please notify the school by September 14th. Also, please note the immunizations are reviewed the beginning of each year for state required reporting. If you receive a notice about immunizations and have any questions, or if you would like to request an exemption from the state required immunizations, please contact the school.
